

Koonorigan Sabbath Fellowship

2/4/2016

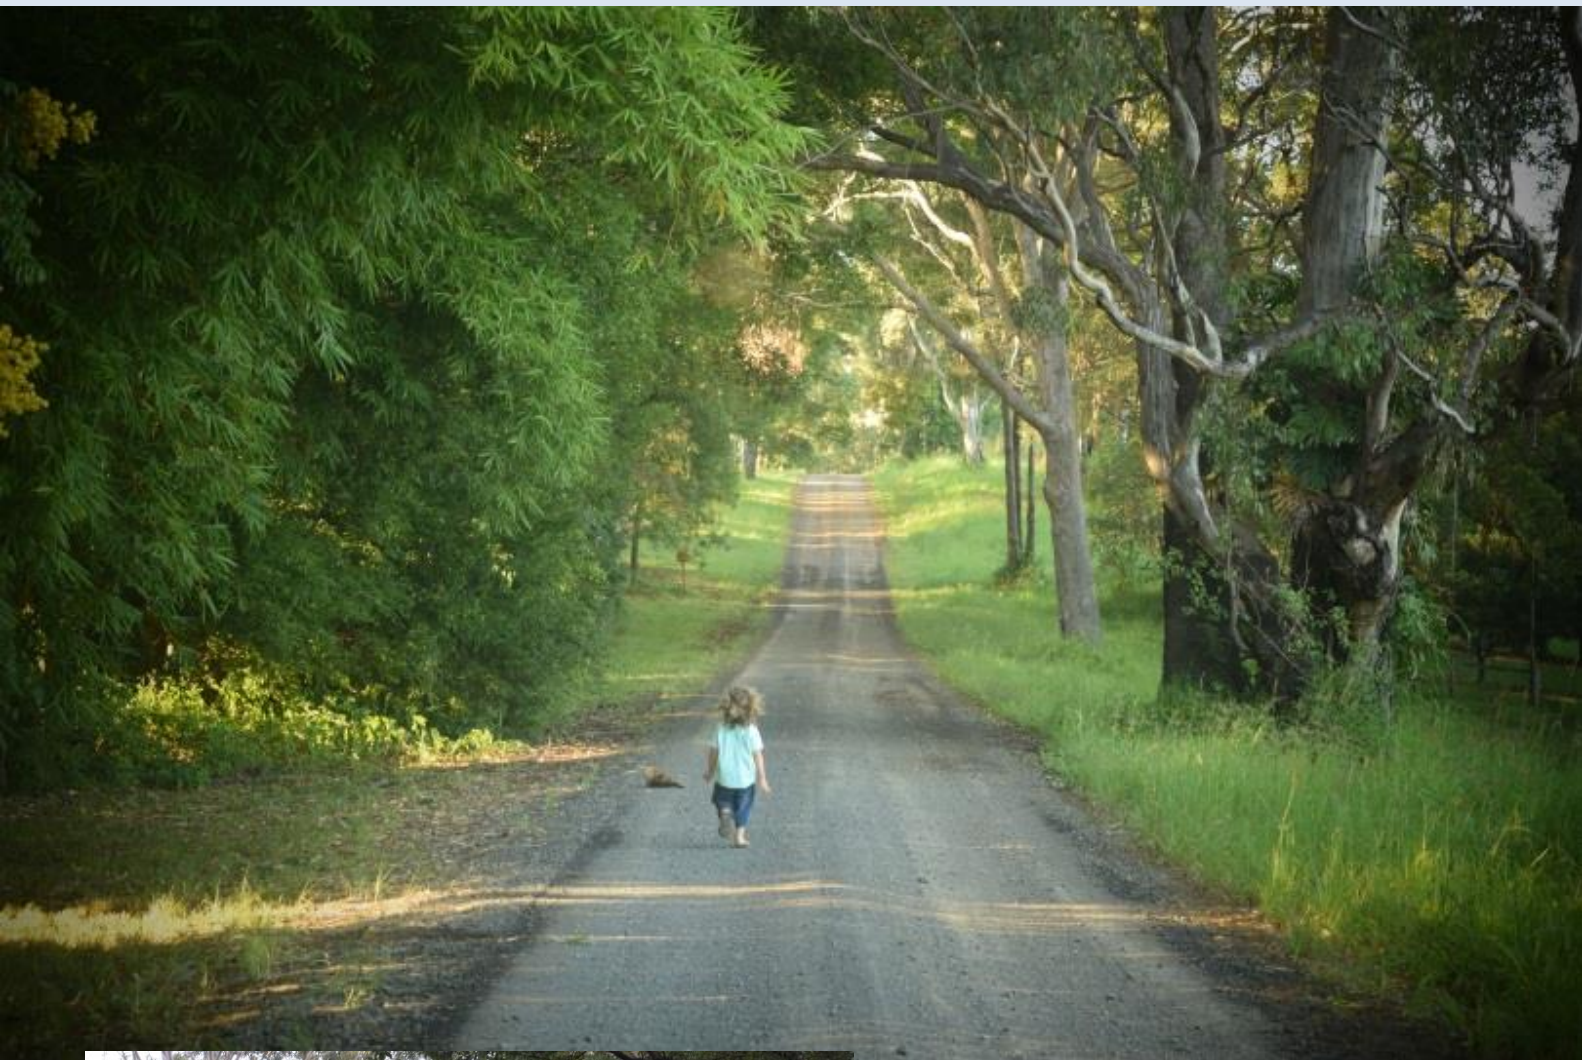

Sabbath the 2nd of April found us fellowshiping with the group in Koonorigan, NSW (near Byron Bay). After spending some time singing inspiring hymns and songs while enjoying the beautiful view from the deck on which we had our meeting, Imad shared a message on the importance and power of having a changed mind. This was followed by a nice lunch. The fellowship was sweet and all present were blessed by the message and each other's company.
