

Tumut Sabbath Fellowship

10/12/2016

On Sabbath the 10th of December, we had home fellowship at Tumut. It has been a while since we caught up with the believers down that way, so it was a much longed for fellowship. The day began with some songs then Imad shared a message, which was followed by a nice lunch. After lunch we went for a walk in a nearby pin forest and enjoyed God's beautiful creation. While there some mentioned that they would like to have another study, so we headed back to the house and had a nice discussion which left everyone with some challenging thoughts.
