

## **Tamborine Village Sabbath Fellowship**

The Sabbath of October 15 was shared with the brethren at the Tamborine village home church. One of the outstanding advantages of home church is the ability to study and discuss any topic without being tied to a creed. This is one way to discover and learn some of the precious gems in the Word.

Nader took the study on the importance of maintaining our commitment to God despite challenges and trials.

Sadly we were not able to obtain any pictures from the day due to a slight memory lapse in that department!
